SERVICES at St Patrick's Church this evening at 7:30 o'clock, when a series of Lenten sermons will be commenced. Benediction of the blessed sacrament after the sermon.

A PAIR of bullet-molds were found near "Royal Spring," Scott County, the other day, which belonged to Daniel Boone in the long-ago. At least, that's what the finder claims.

LILY MARTIN and her mother, vagrants, were released from jail this morning on their promise to leave town. They made tracks for Aberdeen, and it is sincerely to be hoped they will never return.

For weak lungs, spitting of blood, shortness of breath, consumption, night-sweats and all lingering coughs, Dr. Pierce's "Golden Medical Discovery" is a sovereign remedy. Superior to cod liver oil. By druggists.

MISS MATTIE CARR went to Elizaville yesterday to attend the marriage of Roger Cassidy and Miss Alice Hawley, which took place last evening at 6:30 o'clock. The bride has a number of relatives in this city. Her parents lived near Maysville a few years ago.

THE dead body of a white female infant was found near Fairview, Fleming County, Wednesday. Dogs were devouring the remains when found. No clue as to the party who committed the crime, but the coroner is making a thorough investigation of the matter.

SOME unknown party shot a hundred-pound shoit on Wall street the other evening, the ball entering the small of the back, and paralyzing the animal's hind quarters. Mayor Pearce ordered it killed, and the animal was put out of its misery by some of the boys in that end of town.

R. A. MARSHALL, who was engaged in the newspaper business here a few years ago, is now traveling for the Central Publishing House, of Cincinnati. He was at Charleston, W. Va., the other day and witnessed the exciting scenes in the closing struggle of the joint session of the Legislature to select a United States Senator.

By the recent change on the Kentucky Central, Conductor Winston comes from Lexington to this city every morning—Sundays excepted—and returns in the afternoon. Captain Collier retains his old run between here and Lexington, having the morning train out and the evening train back. Conductors Martin, McLaughlin, Farmer and Matlack alternate on the run between Covington and Lexington and Covington and Roland, near Stanford.

CITY COUNCIL.

The Dull Routine Enlivened a Little by Some "Propositions and Grievances."

Reports Filed, Claims and Accounts Allowed and Other Matters Attended to.

The regular meeting of the City Council was held last evening. President Phister was in the chair and all the members were present.

Usual disposition made minutes February meeting, after which reports of the city officers were presented and approved. Mayor Pearce assessed fines during February amounting to \$142.02, of which \$39.02 was paid, \$35 replevied and \$30 worked out. The balance, \$38, is being worked out.

The wharfage collected for the month amounted to \$259.

During the month Marshal Hefflin collected \$39.02 on fines and \$115 on old bonds—total, \$154.02.

Account of Geo. W. Oldham of \$3.50 for printing blank bonds for Marshall was allowed.	

Councilman Wood stated that life insurance companies weren't paying any city license. He thought this an unjust discrimination. The ordinance required all insurance companies to pay the license and the Mayor was ordered to have it enforced.

The matter of grading and improving Forest avenue was dropped from the minutes until the weather is more favorable.

Complaints were made as to location of gas lamps on West Second street, at alley near entrance to Dr. Morgan's. Mr. Hendrixson said the committee had tried to please the people down there. Nothing was done with the complaint.

Internal Improvement Committee was instructed to investigate complaints of Mrs. Hannah Curtis as to sewer near her house, on East Fourth street.

James C. Powers and George H. Barkley filed their bond as ferrymen, with James C. Owens surety. They bind themselves to run the ferry according to the laws and ordinances and to pay for wharfage and ferryage \$300.00 a year, beginning October 1, 1886.

James K. Lloyd's bond as Assessor, with J. M. C. Ballenger and E. A. Robinson sureties, was filed and approved.

G. W. Sulser presented petition of Baptist Church to lay a sewer down Market from their building to connect with "tanyard sewer." Dr. Phister referred to the necessity for the city to have a large sewer down Market street from station house and school buildings, stating that the estimated cost amounted to \$5,000. He thought that the city and the property owners along the street should unite and have it done. Mr. Sulser's petition was granted, but the other matter was continued.

Mayor Pearce was authorized to buy a late copy of the "General Statutes" and the "Code."

The order passed at the February ses-

sion requiring all balconies to be properly guttered was rescinded after a few sharp passes between two of the members.

Complaint was made that several of the awnings on Second street were entirely too low, and the matter was referred to the proper committee to draft an ordinance remedying the evil.

A proposition of S. B. Wadsworth to sell the city 350 perch of building rock at \$1.25 a perch, delivered, or \$1 at the quarry, was presented, but no action was taken in the matter for the reason that the city was not in need of the rock.

Mr. Fleming asked for 300 feet of hose for the Amazon Fire Company and the matter was left to the Committee on Fire Department.

A double crossing was ordered at Third and Limestone, north side.

Ex-County Attorney John L. Whitaker appeared in regard to his claim for a percent of the fines assessed against the "rioters" last summer. He stated the arbitrators weren't able to agree on an umpire, and wanted the Council to rescind its order submitting to arbitration so that he could prosecute his claim in the courts. The council refused to take any action in the matter.

Councilman Wood wanted to know why the ordinance against digging up the streets wasn't enforced. If the matter wasn't attended to the city might soon have a lawsuit on hand for serious damages. Mayor Pearce and City Attorney Newell said the ordinance provided no penalty, and the matter was referred to proper committee to frame new ordinance covering case.

Mr. Cox thought the death rate among the hogs and dogs was rather large of late. He was afraid at the present rate the "grave-yard" for the swine and canines would soon be filled up. He also called attention again to the condition of the fire-plugs and the importance of testing them frequently. He understood that it required two men to open a plug at the fire the other day and that the mains were so filled with mud that some time elapsed before the water flowed freely. The ball was opened and numerous complaints were entered. One member said he had heard the company shut off the supply from the reservoir whenever a fire broke out. Attention was called to the light pressure in the vicinity of the fire the other day. One member said Mr. Shaeffer attributed that to the number of hose attached at the time in that neighborhood. Mr. Wood wanted to know how it happened that there wasn't enough water at Ort's furniture store to run the elevator at the time, if that was the reason. Mr. Mathews stated that there wasn't enough pressure at his mills, during that fire to feed the boilers. It was an important question to property owners, and Mr. Cox thought it ought to be looked into. Referred to Committee on Fire Department for investigation.

Robt. Brown, Nat Sapp, John Combeis, Wm. O'Brien, Frank Gable, B. R. Hughes, R. B. Hunt and M. C. Hutchison were refunded \$1.00 each on dray license, and Geo. F. Eitel was refunded his coffee-house license.

Dr. Phister was authorized to represent the city at the turnpike elections next month.

Marshal was directed to furnish passage for Lauretta Hudson to Limeworks in Greenup County.

Some complaints were filed against Citizens' Gas Co. Deputy Marshal Guilfoyle said he had gone to considerable expense putting in fixtures at his home on Fleming pike, and the company now refused to furnish him gas because it wasn't used at his father's saloon down town. Mr. Yancey said no lamps had been put on Fifth street yet, and the citizens up there were complaining about it. The company had been notified several times about it. The "moon schedule" came in for a few words. The matter and also the request of Mr. Oder for a post at Third and Walnut, Fifth ward, was referred to Committee on Gas.

Removal.

Dr. G. M. Williams has removed his dental office to building on Third street, adjoining Dr. Shackelford's office.

THERE is a trifling, lazy negro in the station house who ought to be treated to a coat of tar and feathers and run out of town. His name is Levi Thomas, and he lives in the Fifth ward. He is thirty-five years old and married. He was before Mayor Pearce the other day for "indecent exposure of his person" to several small school girls—mere children. They identified the brute and said he had continued his disgusting and outrageous conduct for nearly two weeks. Mayor Pearce fined him \$20—the full extent of the law—and said he was sorry he wasn't able to send him to a work-house for six months.

New Drug Store.

W. C. Shackelford has opened a new drug store in "Cox Building," corner Third and Market. Pure drugs. Fine old wines and liquors for medical purposes. Toilet articles in great variety.

LOUIS ZECH and W. R. Zech arrived yesterday from Vicksburg. They were detained at one place on the route by a railroad wreck. The latter's friends will regret to learn that he is still suffering severely from the injuries he received in an accident some time ago. He was not so well this morning.

PRISMATIC colors and scattered rays, common to other spectacles, are by the scientific principles of their construction entirely avoided in the Diamond. Being perfectly free from deleterious substances, they never tire the eye, and can be used with comfort and satisfaction equally by lamp, gaslight or daylight. For sale by Ballenger, jeweler.

THE Washington correspondent of the Philadelphia Press has the following to say of a young lady who has a number of relatives in this city: "One of the best known Kentucky girls here is Miss Corinne Blackburn—one of the three daughters that Senator Blackburn is proud of. She is remarkable for her self-poise of character and easy manner, which makes her much sought after. Miss Corinne has dark hair, and rather large, dark eyes, a fine, straight nose, high between the eyes, and a determined chin. Her figure is good. Like most Southern girls, she is fond of gay colors, and on music she is an enthusiast."

JESSIE MORRIS, colored, was before Mayor Pearce yesterday for "street walking." She was flashily-dressed, and said at first her home was in Madison, Ind. Later she claimed to be from the "classic precinct" known as "Bucktown," in Cincinnati. Her conduct in the Mayor's office was outrageous. She had no respect for the court. Her talk was a string of oaths. She told the Mayor to send her to the station house if he wanted to. If the city could afford to keep her that way, she would as soon stay there as anywhere. She was taken from the office, with vile threats on her lips to get even with one of the witnesses. She was fined \$5 and costs, and Mr. Pearce directed Marshal Hefflin to see that she worked her fine out on the rock pile with a ball and chain attached to keep her company.

THE GERMAN REICHSTAG.

IT OPENS AT BERLIN WITHOUT THE PRESENCE OF EMPEROR WILLIAM.

The Speech From the Throne a Peace-Loving Policy Towards Foreign Nations—Afghanistan Preparing for a Holy War Against Russia—Other Foreign News.

BERLIN, March 4.—The reichstag was opened to-day. The emperor, however, was not present, the speech from the throne being read. The royal address refers prominently to the pope's attitude toward the government during the recent elections, and expresses gratitude at the benevolent disposition of the holy father. The foreign policy of the empire has been continually directed toward the maintenance of peace, especially with its neighbors. This peace-loving policy will be supported by the reichstag, which, as it is now constituted, expresses the will of the nation, and will put forth the full national strength against any attack.

The foreign relations of Germany remain as when the last reichstag was opened. The emperor is confident that God will bless his efforts made in the interest of peace and for the security of Germany. New sources of revenue and reform in taxation are urged for the consideration of the reichstag.

The Troubles of Ireland.

LONDON, March 4.—Sir William Vernon Harcourt in a letter published says: The troubles of Ireland arise from an attempt on the part of the government to enforce rents which the land commission appointed by it has declared the people are unable to pay. The writer quotes the speeches of Sir Michael Hicks-Beach and others, admitting that if Parnell was able to prove the promises of his relief bill, the government was bound to attempt the remedy. The land commission, he asserts, proved that Mr. Parnell was right, yet notwithstanding that fact the government proposed fresh coercion, instead of introducing a bill to deal judicially with rents.

Revolt in Silistria Suppressed.

VIENNA, March 4.—A dispatch from Bucharest states that the revolt in Silistria has been suppressed. During the absence of the garrison of Rustchuk another revolt occurred there. Fighting is going on in the direction of Guirgevo. Communication by telegraph with Bulgaria is entirely cut off. The leaders of the revolt in Silistria crossed the Danube into Romania, where they were at once taken into custody by the Roumanian authorities. The revolt in Silistria is now thought to have been instigated for the purpose of drawing the troops from Rustchuk, which was to be the center of the revolt against the regency.

Preparing for a Holy War.

BOMBAY, March 4.—News received from Afghanistan through native sources shows that the Ameer is making strenuous efforts to raise a new army. All boys between the ages of ten and eighteen years are being drilled for military service, and all who have reached the age of eighteen years are being enrolled in the army. The Ameer has issued a circular to his subjects telling them to prepare for a holy war. It is believed that he contemplates a war against Russia.

Bismarck's Majority.

BERLIN, March 4.—The latest returns show that the government party has succeeded in electing 214 members of the new reichstag, while the opposition has secured 197. The president-elect of the new reichstag is a Conservative and the vice president a National Liberal. The National Liberals are desirous that Herr Benningen shall continue as their leader.

Parliament Proceedings a Public Scandal. LONDON, March 4.—The Standard says: The proceedings of parliament are becoming a public scandal. If no government or party can be found able to cure the malady with which the house is afflicted, the difficulty will have to be solved from the outside.

Inspected by a King.

BRUSSELS, March 4.—King Leopold yesterday inspected a monument to Gen. Gordon, which has just been cast. It is to be erected in Westminster Abbey.

Discussing Irish Affairs.

LONDON, March 4.—A special cabinet meeting lasting one hour and a half was held to-day. The time was consumed in discussing Irish affairs.

Mystery Explained.

HANSON, Mass., March 4.—The skeleton recently found in the Indian cedar swamp in this place, has been identified as that of Laura Hill, an inmate of the poor farm.

Wrecked in the Snow.

SARATOGA, N. Y., March 4.—A gang of sixty men, with a train of three locomotives and two cars, started north on the Adirondack road at 8:50 last night for the purpose of clearing the road from snow. Hadley was reached at 11 p. m., and from there nothing was heard of the train until 2 o'clock this morning, when word was received that an accident had occurred at Corning's Hill. The train had encountered a snow bank and the two forward locomotives were pitched into a ditch. A caboose was between the second and third engines, and the coupling breaking, the remainder of the train remained on the track. It is reported that no one was injured. A Delaware & Hudson wrecking train left this morning for the scene.

Fusion Fizzled.

DETROIT, Mich., March 4.—The fusion between Democrats and Greenbackers, which has lasted six years, has been ended by the nomination of the straight Democratic ticket at the Democratic convention here. The Greenbackers demanded one of the supreme court judgeships and one regent of the university, but the Democrats nominated their own men in both cases. The Greenbackers then nominated a separate ticket. Republicans claim that this split will strengthen their party in this state.

Not Guilty.

HAGERSTOWN, Md., March 4.—The trial of D. T. Brown, for the murder of James M. Pickett, the gambler and sporting man, came to an end this morning. The jury, after being out all night, this morning brought in a verdict of not guilty, and Brown was discharged by the court.

Manufacture of Sword Blades.

SPRINGFIELD, Mass., March 4.—The Ames Sword company, of Chicopee, will discontinue the manufacture of sword blades and hereafter import them from Germany. It is said they can import them for less money than they cost after manufacturing. This will practically end the manufacture of sword blades in the United States.

POINTED PARAGRAPHS.

Topics of the Times Given in a terse and spicy manner.

Elmer Clark, a miner, shot Wm. O'Neill at Wheeling, W. V., four times and killed him. The war party of General Boulanger is gradually gaining the ascendancy in France. Seventy miners are still entombed in the St. Etienne (France) colliery. There is no hope of rescue.

GOOCH'S MEXICAN SYRUP

OF WILD CHERRY, TAR, GLYCERINE, ETC. WILL CURE CONSUMPTION, and is the best remedy for the cure of all affections of the Throat, Lungs and Chest, such as Consumption, Colds, Coughs, Asthma, Bronchitis, Whooping Cough, Croup, Pain or Oppression of the Chest, Hoarseness, Spitting of Blood, and all Pulmonary Diseases.

CONSUMPTION CAN BE CURED!

WE have the gratifying fact to know that it can be cured with GOOCH'S MEXICAN SYRUP. Tuberculous matter is nothing more than nourishment imperfectly organized. Now, if we can procure the organization of this food material so that through the process of electric affinity it may take its place in the system, we can cure the disease. This is just what this Syrup does. It at once stops the progress of the disease by preventing the further supply of tuberculous matter, for while the system is under its influence all nourishment is organized and assimilated. It thus controls Cough, Night Sweats and all other symptoms of Consumption. Consumption is one of the most loathsome and terrible of all diseases, and makes the life of the poor consumptive a hell on earth. Until recently that terrible disease has been considered an affliction beyond the reach of medicine; but a new era in the management of pulmonary diseases seems to be dawning upon the scientific medical world, and, since many distinguished physicians have acknowledged that consumption can be cured, few there are who attempt to controvert their opinion. To those singled out as victims to that fatal malady, we offer a remedy sure in its result to bring back health to their poor weakened frames, and joy to the hearts of their friends.

Consumptives, because all other things fail, believe not that MEXICAN SYRUP will. Not a single sufferer need perish if he or she will take GOOCH'S MEXICAN SYRUP in time. A cough is unlike any other symptom of disease. It stands a conspirator, with threatening vice, menacing the health and existence of a vital organ; so commence at once at the first indication of a cough. TRY IT, you who suffer, are convinced. Do you want to be saved from a consumptive's grave? Then make one more trial. This remedy is in the reach of everybody; it only costs 50 cents a bottle. Is your life not worth 50 cents? No, make one more trial. Is not your life indeed worth one more trial? Test the truth of our words, only by one single bottle; and never give way to despair till you are certain there is no hope. It has cured thousands, and it will cure you. As we would plead with a friend to save him from taking his own life, we plead with you to save yourselves from a premature grave. We positively guarantee a perceptible and continuous improvement when the medicine is faithfully and persistently used.
